

PROARGI-9+

CITRUS BERRY

Item No. 92730
 30 sachets

Synergy's premiere health enhancement product ProArgi-9+ is manufactured using state-of-the-art equipment after the raw ingredients undergo rigorous quality assurance testing procedures. Each batch of ProArgi-9+ is tested for contaminants down to the parts per trillion. One of the primary ingredients in ProArgi-9+ is L-arginine, a compound that was researched by three American scientists who were awarded the Nobel Prize in 1998 for discovering its powerful health benefits.

ProArgi-9+ contains five essential vitamins: Vitamin C, Vitamin D3, Vitamin K, Vitamin B6 and Vitamin B12. Each plays a vital role in supporting the body's overall performance. Vitamin C supports the normal functioning of the nervous and immune systems while also supporting proper energy levels and normal psychological function. Vitamin B6 and B12 share a few health benefits with Vitamin C, but also support red blood cell formation and homocysteine metabolism. Vitamin K has a set of its own benefits, including supporting bone health and blood coagulation.

The combination of ingredients in ProArgi-9+ was meticulously formulated to support exceptional health. This product is pure, potent, and formulated to help you unlock your potential.

BENEFITS

- Comes in serving-sized sachets to take with you on the go
- Flavored for a refreshing, citrus taste
- Contains Vitamin C, which supports the proper functioning of the nervous and immune systems
- Contains Vitamin K, which supports bone health and blood coagulation
- Contains Vitamin B6 and B12, which supports red blood cell formation and homocysteine metabolism

KEY INGREDIENTS

- L-arginine
- L-citrulline
- Vitamins: C, D3, K, B6, B12

ABOUT SYNERGY ELITE HEALTH PRODUCTS

Elite Health is the pinnacle of wellness, where age does not dictate ability. Scientifically, Elite Health is optimal metabolic function, the state in which all body systems are performing efficiently, which gives you the energy to see more, do more, and be more, no matter what stage of life you're in.

Recent scientific discoveries have uncovered a fascinating inner-ecosystem within each of us called the microbiome. This complex network of bacteria, fungi, and microflora resides primarily in the gut and impacts the health of other systems in the human body. Synergy WorldWide has carefully engineered proprietary solutions: Purify, Fortify, and Protect. Each solution begins with the microbiome.

ELITEHEALTH
 UNLOCK YOUR POTENTIAL

RECOMMENDED USE

Mix 1 sachet (1 serving) into 240 ml of water. Take two servings per day with the Purify program. Stir or shake to dissolve. Store in a cool, dry place.

WHY PURIFY?

The microbiome suffers due to toxic environments, nutrient-stripped foods, and a stressful, sedentary lifestyle. This suffering results in an unhealthy balance of good and bad bacteria, which ultimately impacts other systems in the body.

PURIFY KIT

The Purify Kit includes a one-week supply of clinically formulated nutrition for the microbiome. Use these carefully engineered supplements and adhere to the dietary guidelines to support your microbiome and begin your journey to Elite Health.

**As with any nutritional product, please consult your physician before use, especially if pregnant, lactating, or have a known medical condition. This product is not intended to diagnose, treat, or prevent any disease.*
